

That Tired Feeling and Those Little Soldiers

There is probably no better indication that those "Little Soldiers" in your blood—the white corpuscles—are deficient in health and strength and may fail to defend your body against disease-germs, than "that tired feeling."

It is not an "honest tired feeling," which is produced by work and relieved by rest.

It is a tired feeling that has absolutely nothing to do with mental or physical exertion, and makes a constant burden of itself.

You go to bed with it and get up with it.

It is common in the spring or on the return of warm weather, and is a warning which only the hazardous fail to heed.

It is due to an impure, impoverished or de-vitalized condition of the blood.

Hood's Sarsaparilla is the specific remedy for it, because this great medicine purifies, enriches and vitalizes the blood.

Thousands know by experience annually that Hood's Sarsaparilla completely and permanently removes that tired feeling, gives new life, new courage, strength and animation.

Begin taking Hood's at once. It is no trouble to take it—only three doses a day.

"I had that tired feeling and when I got up in the morning it appeared as though I had had no sleep. My system was all run down. Hood's Sarsaparilla was recommended for these symptoms and I began taking it. Since taking two bottles I am entirely well. I can now do in a few hours the work that formerly required all day. I cannot speak too highly of Hood's." Martin Kemp, Union Stock Yard Hotel, Cleveland, Ohio.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Begin taking Hood's Sarsaparilla today, in usual liquid or tablet form known as Sarsatabs.

Bacon's Son Fined \$25.

Boston, May 1.—Elliott Bacon, a Harvard student and son of former Secretary of State Robert Bacon, paid a fine of \$25 in a police court yesterday for operating an unregistered automobile.

WARNING

Don't simply spend your money—invest it. Invest it judiciously and profitably. Invest it through an established, reliable, responsible concern with a reputation and record of having invariably, for years, made money for its patrons—that is us.

Don't invest a dollar without exercising the same care, common sense, judgment, discretion and business-like methods you do when purchasing your clothing and household necessities—that is our rule.

Don't invest a dollar unless your investment is amply protected. A doubly secured and guaranteed investment in life's absolute necessities—these are the only class we handle.

Don't you know that the best, the safest, the most profitable investment on earth is an investment in New York City "rental income"—that is, the kind we invest our own money in.

Don't you think that a "rental income" investment paying 6% and "your money back on demand" at any moment, through any bank or trust company in the world, is attractive, interesting, and convincing?

The same investment will pay you 7% on a basis of "your money back in twelve months." The same identical investment will pay you 8% without the "cash on demand" surrender clause. In this investment, every dollar of it is thus invested, and we stand back of the proposition. New York banks and trust companies pay stockholders from 9% upward. They loan, indirectly, millions on New York City "rental income" properties. What a good enough for you—it's good enough for us.

Don't invest a dollar in anything, anywhere, at any time, until after you have read our latest booklet, "Big Oakes from Little Acorns Grow." A story of "Making Good" to investors—again that's us.

Our booklet is free for the asking. Hundreds of satisfied customers of years standing—these and all the commercial agencies are our references. You need us and we need you. "Come and see for yourself."

It's the "newness" of things that count. delay—write us to-day. "On-to-day" is worth to-morrow.

MANY LIVES LOST IN STORM

South Reports Score or More Fatalities

ENORMOUS DAMAGE DONE

In Series of Tornadoes—Six Killed in Chicago and Its Suburbs—A Blinding Snowstorm Is Looming Over the Great Lakes.

Forty or more deaths is the human toll exacted by the storm which Thursday swooped down upon the country east of the Rocky Mountains. The South and the Middle West were the heaviest sufferers; twenty or thirty persons lost their lives in the three states of Tennessee, Mississippi and Arkansas; six killed, hundreds hurt is the report from Chicago and its environs. The property loss cannot be estimated exactly now, but it will be enormous. Lorain, O., reports \$300,000 damage. During the night telegraph wires went down all over the South, with the exception of the Atlantic states. On both sides of the Mississippi for hundreds of miles it was a gust-throbbing night, with here and there a puff of wind which knocked trees over and which isolated many sections of the South for hours from communication even with neighboring communities. The storm in every respect was peculiar and would seem to be a record breaker in the number and variety of freakish atmospheric disturbances. Tornadoes, snow, sleet, rain, hail, lightning, flood, flame and electrical phenomena were among its features. A tidal wave in Lake Michigan has done great damage in Waukegan and Kenosha. Towns have been flooded and cut off from all communication with the world. Others have been destroyed. Trains have been derailed and their progress halted by the falling of telegraph poles across the tracks. A blizzard is raging on the Great Lakes, a large steamer is probably lost, and snow ploughs are out in the northern tier of states. Little improvement in conditions is expected during the next twenty-four hours.

SIX KILLED IN CHICAGO.

Hundreds Are Hurt in City and Suburbs During The Storm.

Chicago, May 1.—Six persons were killed and hundreds injured in Chicago and environs, during the storm last night, according to reports received today by the police and coroner. The list of injured includes only those whose names were officially reported. Probably as many more received private attention, information of their condition therefore not becoming public.

TORNADO IN OHIO.

Swept a Path Twenty Miles Wide and Destroyed Much Property.

Piqua, O., May 1.—A tornado sweeping a path 20 miles wide caused property damage in this region yesterday estimated at \$100,000. The path of destruction extends through several counties.

Great damage was done in the towns of Piqua, Sidney, Houston, Fletcher, St. Paris and Kirkwood. There was no loss of life.

TOWN WIPED OUT.

Hillsboro, Tenn., Practically Blotted From The Map.

Nashville, Tenn., May 1.—The town of Hillsboro, nine miles west of Franklin, was practically wiped out by the storm last night and three persons,

names unknown, were killed in a house demolished by the wind.

Many buildings between Franklin and Hillsboro were unroofed. Hundreds of shade trees on the old John McDevorick farm, historic as being in the battle-field of Franklin, were blown down and all the barns on the place destroyed.

GET WITHIN
Piles Can't Be Cured From the Outside.

External treatment won't cure piles. Nor will surgical operations. The cause is inside—bad circulation. To cure piles you must free the circulation of blood in the lower bowel.

"SAILOR" MACK WAS THROWN

Added to Bob Somerville's Victims Last Night

IN TWO STRAIGHT FALLS

The Sailor Was Active and Clever, But the Science of the Champion Proved His Undoing—A Collar-and-Elbow Match.

Bob Somerville, the lightweight champion catch-as-catch-can wrestler, won his sixth match since coming to Barre at the opera house last night, when he threw "Sailor" Mack of New York twice in succession. A good-sized audience, including several of the fair sex, was present and had the pleasure of witnessing one of the fastest bouts ever seen in this city.

Somerville won the first fall in 35 minutes with his famous body scissors and arm lock, to which so many wrestlers have succumbed. The second fall was made at the end of 25 minutes with a half Nelson and tow hold.

The main bout was started at 9:25 and as the men came forward and were introduced it was apparent that Mack had the advantage over the Scotch champion in both weight and height. He was at least two inches taller and would probably outweigh the champion by 10 pounds.

There was none of the usual parleying when the men came to the mat and both worked with a vim to get a hold. It was apparent in the first few minutes of the match that, in Mack, Somerville had found a strong and active opponent, one who was able and willing to do his share of the aggressive work. Mack appeared the stronger and got out of the Scotchman's holds with apparent ease for the first few minutes. The latter, while not appearing to exert himself, slipped out of the sailor's holds easily by his superior skill and ability at the game.

This continued for a full half hour, with neither man gaining much apparent advantage, until Somerville, seeing his opportunity, caught his opponent in a body scissors and then getting a lock on his arm forced the sailor's shoulders to the mat.

Upon their second appearance the men started with a rush and it was apparent that both were willing to make the second fall a quick one. The wrestler took hold after hold in rapid succession, but each parried the other's attempts, slipping from the locks. Twice in the first ten minutes Mack got Somerville in body scissors holds in combination with arm holds, and it looked bad for the champion, but he showed his usual ability and agility and as his shoulders were pressed almost to the mat he wriggled free.

At the end of the first 20 minutes, the sailor appeared to be losing his vim and Somerville began to work the harder. He succeeded in getting a leg hold on the sailor and then whirled him around in a giant swing that took his remaining and from him and made him comparatively easy to throw at the end of 25 minutes.

Eli Boardman of Claremont, N. H., refereed the main bout and announced at the end of the match that Somerville would wrestle Frank LeBlanc of Buffalo, at Montpelier tonight.

A Collar and Elbow Match.

In deference to some of the lovers of the old style collar and elbow wrestling, a preliminary match was pulled off between George E. Downing of Barre and David Spicer of Montpelier, both ex-champions of Vermont. Spicer showed his toughness and his lankiness when he took his place on the mat arrayed in the panoply of a wrestler of the old school. Downing was much shorter, but the weight that he lost in height he made up in girth and there was not much difference in the weight of the two veterans.

The men took the prescribed holds and they proceeded to do what they could, looking like variations of the Merry Widow waltz. So they advanced, retreated and side-stepped for 15 minutes with neither gaining any apparent advantage.

Then they rested for 10 minutes. When they made their second appearance they got busy at once and at the end of the first half hour they had a hold and trip that proved the Montpelier champion's undoing and the latter was thrown. They rested again. They were on the stage just a minute and a half the third time when Downing broke his hold and a fall was awarded to Spicer. Referee H. J. Slayton then announced that the match had ended in a draw.

New York, May 1.—Willis Britt, manager of Stanley Ketchel, and Battling Nelson, the lightweight champion pug-

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

list, was found unconscious in the doorway of a house on Fourteenth street early yesterday and removed to St. Vincent's hospital, where it was said that his condition is serious. Several poison tablets were found in a bottle in Britt's pocket. The physicians worked for some time over Britt, but were unable to restore him to consciousness. Britt, with his wife and baby, have been in New York for a month. He came here to arrange a match between Ketchel and Jack Johnson.

GEN. HAINS STILL ON STAND.

District Attorney Continues Cross Examination.

Flushing, N. Y., May 1.—Cross examination of General Peter C. Hains, father of Captain Peter C. Hains, Jr., on trial here for the killing of William F. Annis, was resumed by District Attorney De Witt when court opened yesterday. General Hains was on the witness stand all day Thursday. The district attorney picked up the thread of the witness's story where he dropped it Thursday and asked him about the alleged confession of the captain's wife to her husband.

"When the captain told you about it and exclaimed, 'My God, she has confessed everything,' did he appear rational or irrational?"

"Irrational," replied the witness.

"When you went back to Washington did you consider the captain rational or irrational?" asked the district attorney.

"Irrational," replied the witness.

General Hains was closely questioned regarding various actions of his son after the captain's return from the Philippines and prior to the shooting. Some had impressed the parent as irrational, while others appeared rational enough.

Thornton J. Hains, the captain's brother, was the next witness. Thornton was with his brother at the time Annis was shot at the Bayview Yacht club and was indicted but acquitted three months ago. On Sunday morning, May 31 last, the witness said he was aroused from bed at home by his brother clanking at the door.

"I let him in," continued the witness, "and he rushed by me waving his arms and shouting, 'It's all right; I apologize; it's all right!'"

Thornton said his brother rushed up and down the room shouting, "Claudia has confessed all—it's all right; I apologize; how happy I am to be answered."

COLLIER WILL PROBATED.

From \$4,000,000 to \$5,000,000 to His Son.

New York, May 1.—The will of Peter Fenelon Collier, the publisher, filed for probate Wednesday, after making various bequests provides that the residue of the testator's estate, the total value of which is estimated at from \$4,000,000 to \$5,000,000, shall go to his son, Robert J. Collier, with the provision that should his son die without issue, the amount so bequeathed shall go for the establishment of a non-sectarian orphanage in Monmouth county, New Jersey. An annual income of \$40,000 is provided for the widow, \$5,000 annually is bequeathed to Seton Hall college, South Orange, N. J., while St. Joseph's hospital, Syracuse, N. Y., the Bronx Hospital for Incurables and St. Joseph's Roman Catholic seminary of Cincinnati, O., get \$2,000 a year each for ten years. Provision is also made for the late Mr. Collier's brothers, and for several old employees. Robert J. Collier is appointed sole executor of the estate.

NOT TO PASS ON PURE FOOD LAW.

Washington Court Will Not Hinder Wilson.

Washington, May 1.—Justice Stafford of the supreme court of the District of Columbia, yesterday declined to compel Secretary of Agriculture Wilson to vacate his decision to institute next June prosecutions against manufacturers and dealers in flour made according to the bleached process. The question whether such bleaching violates the pure food law was not before the court. The question decided was only whether the Alsop Process company of St. Louis is entitled to mandamus to compel the secretary to change his opinion—that the use of nitrogen peroxide in the bleaching of flour renders the product unwholesome, deleterious to the consumer and a violation of the pure food law.

WHY HE DOES IT

"It isn't often that I have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure," said D. E. Davis the druggist to one of his many customers, "but I am glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan."

The Dr. Howard Co., in order to get a quick introductory sale authorized me to sell the regular fifty cent bottle of their specific for half price, 25 cents, and although I have sold a lot of it, and guaranteed every package, not one has been brought back as unsatisfactory.

"There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet of a tumbler of mineral water."

"I am still selling the specific at half price, although I cannot tell how long I shall be able to do so. Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this opportunity."

REGAL OXFORDS

Snappy College Styles

The new Regal Oxfords shown at our store are the same styles that are in great demand right now among fashionable college men and young business men in the metropolitan centers throughout the country. Every well-dressed man in town who wants his shoes to be correct in each detail of style should have a pair of these handsome Regal Oxfords.

Besides this, Regals are the most comfortable shoes you can wear, and the best fitting—because they are the only shoes in the world made in quarter sizes.

Every one of our Regal styles is an exact reproduction of an exclusive custom model. If you once wear Regal Shoes, you will always wear them.
